

An online guide to the legal and human rights of people navigating the mental health and human service systems in NSW

Empowering

People with Mental Health Conditions

Assists consumers, families and carers to exercise their civil, political, economic, social and cultural rights.

Strengthening

Organisations

Building capacity to work within legal and regulatory frameworks across the human service system.

Supporting

Friends and Family

Helping people to navigate complex service systems and access a diverse range of information and resources.

Informing

the Workforce

Sharing knowledge and understanding that supports consumers, carers and other supporters.
